

## Cat<sup>®</sup> 330D L Hydraulic Excavator Model From Norscot Features Metal Tracks

An impressive new 1:50 scale die-cast model of the Cat<sup>®</sup> 330D L Hydraulic Excavator with Metal Tracks replicates the largest of Caterpillar's<sup>®</sup> medium excavators in stunning detail with many moveable parts.

“The Cat 330D L Excavator model has the extensive detail and quality metal die-cast construction collectors have come to expect from Norscot,” said Scott Stern, Norscot’s president and chief executive officer. “And its popular price makes it attractive to serious and casual collectors alike.”

The Cat 330D L shows off the recently unveiled Caterpillar<sup>®</sup> Power Edge<sup>™</sup> trade dress design and many other features including:

- Moveable metal tracks
- Moveable boom, stick and bucket
- Rotates 360 degrees on chassis
- Realistic boom, hoses, ladders, and grab rails
- Clear windows with interior detail

Item Number 55199 is 10 inches long, 2-1/2 inches wide and 3-1/2 inches high (25.40 x 6.35 x 8.89 cm).

Caterpillar models made by Norscot are available at participating Cat dealers and at retailers throughout the world.
